

Illuminating Lives

ABOUT US

INSIGHT LIGHTINGS are the pioneers in lighting solutions based out of Qatar. Specialising in simple, elegant and industrial themes in the world of lighting solutions, our predominant focus remains to provide value for money to clients worldwide in both residential and commercial domains.

Established in 2010, we have come a long way with our comprehensive designs that suit our customers' needs. We have illuminated thousands of lives with our vast portfolio.

Recommended by the Association of Turkish Lighting Equipment Manufacturer Association (AGID), our manufacturers are based out of Europe, USA, Turkey, South Asian countries like India and China and all around the globe.

Where do we see ourselves in a couple of years? Only one word - sustainable. Our Design and procuring teams spread across seventy geographies are hellbent on. Reducing carbon footprint and incorporating green energy in our Lighting designs.

MISSION

We deliver the promises we make. Established in 2010, we have come a long way in Determining comprehensive designs that suit the customer's needs. We have touched Hundreds and thousands of lives with our vast portfolio. In the next decade, we see ourselves proving that the world is our oyster. Green energy, optimizing the use of energy with smart solutions and sustainability are just a few of the many ideas that we are working on.

VISION

Ten years from now, when the world is battling to curb pollution, harder than it is Struggling today, we aim to make it easier for the world by providing eco-friendly lighting Solutions, given the above vision, we are not bound by the timelines and forever looking for more alternatives... MORE INNOVATION! Also to become the synonymous of trust, reliability and quality by providing completeness & uniqueness in our each job & service through our well experienced technical and customer service team.

VALUES

We believe in the three I's:

Integrity for firm believers in actions that trigger mutual trust

Innovation powered with information
